

HANNAN RAFIQ QURESHI

Web-Developer

Profile

I'm Hannan Rafiq Qureshi, a results-driven professional with expertise in digital marketing, graphic design, and web application development. As a Senior Developer in Cypher Vortex Technologies, I lead a talented team dedicated to delivering creative and technical solutions for clients. With experience in sales and a strong understanding of modern business strategies, I am committed to enhancing service offerings through innovative approaches. Passionate about combining technology with marketing to help businesses grow and achieve their goals.
